

SAAAS YEAR IN PHOTOS

2023

SHANTI ABRAHAM & ASSOCIATES

Advocates & Solicitors | Mediators

Adjudicators | Arbitrators

JANUARY

Team SAAAS ended the work year in 2022 with a Court proceeding, where we recorded a confidential settlement post-private mediation involving a multi-million ringgit dispute.

The Honourable Judge made mention that the NCC Court was pleased to see that parties had resolved their dispute and were going back to business.

We have continued in 2023 to help clients resolve issues and address disputes, establish corporate policies and protocols and enter agreements to unlock investments, to make new investments and to assist individuals to manage their wealth and family issues effectively. We are grateful to all clients who entrusted us with their matters.

We also found time to lead or support public interest initiatives as shared below.
